

§ 202.2

the scope, characteristics, composition, funding, establishment, operation, adjournment, and dissolution of RABs pursuant to this rule. The issuance of any such guidance shall not be a precondition to the establishment of RABs or the implementation of this part.

[71 FR 27617, May 12, 2006; 71 FR 30719, May 30, 2006]

§ 202.2 Criteria for establishment.

(a) *Determining if sufficient interest warrants establishing a RAB.* A RAB should be established when there is sufficient and sustained community interest, and any of the following criteria are met:

(1) The closure of an installation involves the transfer of property to the community,

(2) At least 50 local citizens petition the installation for creation of a RAB,

(3) Federal, state, tribal, or local government representatives request the formation of a RAB, or

(4) The installation determines the need for a RAB. To determine the need for establishing a RAB, an installation should:

(i) Review correspondence files,

(ii) Review media coverage,

(iii) Consult local community members,

(iv) Consult relevant government officials, and

(v) Evaluate responses to communication efforts, such as notices placed in local newspapers and, if applicable, announced on the installation's Web site.

(b) *Responsibility for forming or operating a RAB.* The installation shall have lead responsibility for forming and operating a RAB.

(c) *Converting existing Technical Review Committees (TRCs) to RABs.* In accordance with 10 U.S.C. 2705(d)(1), a RAB may fulfill the requirements of 10 U.S.C. 2705(c), which directs DoD to establish TRCs. DoD recommends that, where TRCs or similar advisory groups already exist, the TRC or similar advisory group be considered for conversion to a RAB, provided there is sufficient and sustained interest within the community.

32 CFR Ch. I (7–1–08 Edition)

§ 202.3 Notification of formation of a Restoration Advisory Board.

Prior to establishing a RAB, an installation shall notify potential stakeholders of its intent to form a RAB. In announcing the formation of a RAB, the installation should describe the purpose of a RAB and discuss opportunities for membership.

§ 202.4 Composition of a RAB.

(a) *Membership.* At a minimum, each RAB shall include representatives from DoD and the community. RAB community membership shall be well balanced and reflect the diverse interests within the local community.

(1) *Government representation.* The RAB may also include representatives from the EPA at the discretion of the Regional Administrator of the appropriate EPA Regional Office, and state, tribal, and local governments, as appropriate. At closing installations where BRAC Cleanup Teams (BCT) exist, representatives of the BCT may also serve as the government representative(s) of the RAB. The Department encourages individuals and agencies involved with BRAC to participate in RABs at closing installations.

(2) *Community representation.* Community RAB members should live and/or work in the affected community or be affected by the installation's environmental restoration program. While DoD encourages individual tribal members to participate on RABs, RABs in no way replace or serve as a substitute forum for the government-to-government relationship between DoD and Federally-recognized tribes.

(i) To support the objective selection of community RAB members, installations will use a selection panel comprised of community members to nominate community RAB members. The Installation Commander, in consultation with the state, tribal, and local governments and EPA, as appropriate, will identify community interests and solicit names of individuals who can represent these interests on the selection panel. The panel will establish the procedures for nominating community RAB members, the process for reviewing community interest, and criteria for selecting community RAB members. The panel will transmit the list of
